CSR's "Contact Patch"

## Thunderhill Spring Races April 28-30 on the Three Mile East Course

**Come for the Racing. Stay for the Camaraderie**

Friendship is why you should join us at Thunderhill in three weeks. Sure,

you love your car, love to race, love the track & all that, but the most compelling element is to be with your friends. Don't miss any opportunity to join them.

There's no need to say anything to those of you who run Thunderhill on a regular basis, but for the others: You have no idea how fun

Thunderhill is. Yes, it's remote by comparison, but so were Riverside, Cotati & Vaca Valley in their day & Thunderhill is an infinitely better facility. Are you a real racer/car nut or a poseur? Come race in a place that is low key & easy to enjoy. More track time, excellent Saturday night buffet reception & a track that is without flaw.

Make no mistake, these events are great fun. You really should try it. Please support our events.

**Formula Vee & Miata Group at Thunderhill**

**Formula Vee Gathering  
Open to all years FV.**

There will be a FV gathering at the 2017 Thunderhill Spring race on the three mile East track, April 28-30. FVs don't come out like they used to & that's a shame. Here's a chance to reverse that trend & give them center stage. Modern Vees will be included &

there will be separate scoring for each era of Vees. Please spread the word. Contact Jay McEnroe: [fvgathering@gmail.com](mailto:fvgathering@gmail.com)

**Groups:**

- \* Group FV: Cars prepared to CSRG FV eligibility-- Monoposto Rules, treaded tires, etc.
- \* Group FV1: Same as FV except fan, generator & shroud not required.

Ducting allowed. Slicks allowed.

\* Group FV2: Same as FV & FV1 except cars thru 1978 & rear suspension is free. Slicks allowed.

\* Group FV3: 1979 & newer cars that comply to current SCCA GCR. Tires as required by current SCCA GCR.

\* Tires would be per current CSRG rules or current SCCA GSR, as appropriate for each sub-class.
