

CSRG

CLASSIC SPORTS RACING GROUP – Vintage Racing in the West Since 1968

WHAT YOU WILL NEED TO GO VINTAGE RACING WITH CSRG IN 2009

Membership in CSRG - Membership dues are \$100 annually for participating (Racing) membership.

At the very minimum, proof of previous vintage racing experience, participation in the annual CSRG/Russell Driving Clinic, or participation in a professional 3-day racing school such as Jim Russell, Skip Barber, Bob Bondurant or SCCA is required.

A current, valid medical card from CSRG or any Vintage Motorsports Council-affiliated club.

CSRG eligible cars – Formula 1, 2, 3 or Formula Junior built through Dec. '65
Formula B, C, or V built through Dec. '69
Formula Ford built through Dec. '72
Production Sports or GT car built through Dec. '67
Sports racing car built through Dec. '67
FIA 2 Liter, Group 6 or Group 7 Sports Racing car built through Dec. '74
Any car built for racing through Dec. '41
Rare or unusual cars, constructed within the CSRG-eligible time period and at the discretion & invitation of the CSRG Board of Directors

Your car must be restored in a period correct manner, and must meet all of CSRG's rules, tires specs, etc. Your car must be submitted for provisional approval at least 8 weeks prior to a desired entry to an event.

Safety equipment – A 3” seatbelt (6-point harness highly recommended) and a 2½ lb. fire extinguisher are mandatory - A roll bar, fire system and a fuel cell are highly recommended. A 1 or 2-layer, Nomex driving suit with Nomex underwear, or a 3-layer suit, an SA2000 or newer helmet (plus eye protection on open-faced helmets), proper driving shoes and Nomex gloves are also required.

Vintage attitude – An attitude that supports the proposition that the cars and the drivers are irreplaceable and that everybody is just out there to have a great time. Drivers that “have to win” or need to prove something will not find a CSRG event to be a very compatible venue for their exploits.

If you have questions about any of the above information, please give us a call at 925.736.2823.
